Flat bungee cords fitting double wire hooks

Features and benefits

- One size hook fits 11, 16 and 22 mm wide flat elastic tapes
- Double wire hooks for higher strength
- Rounded hook ends reduce the risk of damage
- Flat shape hook for easy fastening
- To be assembled with a metal ring using the clamp pincer

Technical specifications

- Black plastic coated metal hooks
- Tested to support 500N (~50kgF)
- Carton format: **B** = max. 40 cartons per Euro pallet

Stock range and packaging

Width	Length	Colour	Units/bag	Units/carton	Reference
All size	61 mm	Black	100	1000 / B	W0022

Classic heavy duty steel hook

Features and benefits

For shock cords of 6, 8, 9 and 10mm diameter

Highly resistant steel plastic coated hook

NEW: Now available in 10 and 100 units per bag

Technical specifications

Steel hook with plastic coating

6 mm cord: Tested to support 250N (~25kgF)

8 mm cord: Tested to support 400N (~40kgF)

10 mm cord: Tested to support 450N (~45kgF)

Carton format: **A** = max. 30 cartons per Euro pallet

Stock range and packaging

Cord dia.	Colour	Units/bag	Units/carton	Reference
6 mm	Black	10	1000 / A	W0006/10
6 mm	Black	100	1000 / A	W0006
8 mm	Black	10	800 / A	W0008/10
8 mm	Black	100	800 / A	W0008
9 & 10 mm	Black	10	600 / A	W0010/10
9 & 10 mm	Black	100	600 / A	W0010

Double wire reverse hooks

Features and benefits

For shock cords of 8 mm diameter

Double wire hooks for higher strength

The reverse shape allows more space to anchor the hooks

Rounded hook end reduces risk of damage

Technical specifications

Black plastic coated metal hooks

8 mm cord: Tested to support 800N (~80kgF)

Carton format: **A** = max. 30 cartons per Euro pallet

Clamp pincer for steel rings

No damage to the press points on the rings for an optimum result

You have looked at our range but you have not found the product you were looking for?

Whilst we try to keep in stock a large enough range to suit most needs, we also manufacture specially to answer your specific requirements as to physical proprieties, colour, packaging or dimensions. To respond most precisely to your requests, we have laboratory equipment that will allow us to analyze your samples with accuracy.
